"Every Student: An Active Learner"

April 15, 2015

To Whom It May Concern,

It is my pleasure and privilege to recommend Teen Esteem as an organization that will support your students, parents, and community members.

On Monday and Tuesday of this week, Teen Esteem held a parent night and two assemblies for our students. Our school site had expressed a variety of issues and trends that were causing us great concern surrounding our kids. Teen Esteem listened to what we had to say and were able to tailor a presentation, including engaging presenters, current stories, and impactful analogies, that were truly inspirational to everyone who attended. Teen Esteem was able to customize our presentation on very short notice, always remaining professional, organized, and thorough. We were guided and supported by Teen Esteem throughout the entire process, including instruction on how to prepare our community before the presentation, how to maximize the effectiveness of the environment during the presentation, and surveying our entire population of students after it concluded. I am looking forward to the survey results, as well as what long-term improvements Teen Esteem has helped inspire for Granada.

It is exciting for me as an educator to recommend such a deserving organization to be involved in your community. Their strong messages will positively impact those who are exposed. I have no doubt that you will be more than satisfied at bringing in Teen Esteem and all they represent.

Sincerely,
